

NSW Department of Education & Training - State Training Services has announced CTPM is now an approved provider ... Funding is now available

# Address Business needs with CTPM's Hands-on Workplace Training

Significant funding of up to 80% is now available for sites to engage their employees in an approved development program under the 2011 - 2012 Strategic Skills Program for Existing Workers obtaining Part Qualifications. This training is funded by the NSW Government in partnership with the Commonwealth Government.

CTPM can provide a range of single units within the Competitive Manufacturing Certificate III or Certificate IV framework to any employee (no restrictions on pre-qualifications).

Hands-on workplace training resulting in real business improvement results.

## Sample Programs:

**21 Units Available ... to suit your needs**

**Frontline Problem Solving**  
**Unit: MSACMT280A**  
 Undertake Root Cause Analysis

**Outcomes:**  
 Embed a structured process for Frontline Problem Solving. Aim is to have 3 teams solve 3 workplace frontline problems / issues to Root Cause so as to stop problems / issues reoccurring.

If each problem was costing the site \$1,000 per month then the development program would generate over **\$100,000 in annual savings.**

**Set-up Time Reduction**  
**Unit: MSAPMSUP390A**  
 Use Structured Problem Solving Tools

**Outcomes:**  
 Significantly reduce set-up or changeover times with sustaining results.

**Daily Review Process**  
**Unit: MSACMS400A**  
 Implement a Competitive Manufacturing System

**Outcomes:**  
 Lift productivity and reduce costs by refining or developing your current Daily Review Process based on best practices ensuring any significant problems are properly captured and addressed to root cause.

**Work Area Management (5S)**  
**Unit: MSACMT240A**  
 Apply 5S Procedures in a Manufacturing Environment

**Outcomes:**  
 Improve safety and productivity, along with improved communication and standards between shifts.

**Operator Equipment Care**  
**Unit: MSACMT281A**  
 Contribute to the Application of a Pro-active Maintenance Strategy

**Outcomes:**  
 Improve safety, productivity and equipment performance, along with reduced maintenance costs.

**BEST PRACTICES**

**IMPROVE PRODUCTIVITY - REDUCE COSTS**
